MEMORANDUM FOR: H. Lawrence Sandall
Executive Secretary

FROM: Charles E. Allen
National Intelligence Officer for Warning

SUBJECT: House Armed Services Committee Hearings

Attached is a memorandum that I have sent to the Chairman of the National Intelligence Council. I recognize that Congressman Aspin has asked specifically for a CIA briefing on this issue, but I find it inconceivable that the National Intelligence Officer for Warning should not be in the middle for this briefing, given the Congressionally-mandated charter and Director of Central Intelligence Directive, respectively, that assigns him the responsibility for coordination of strategic warning issues for the Intelligence Community.

Charles E. Allen
